

Merlinus Buulolo

MD17

D.O.B. 27/09/2000

Merlinus is from Nias Island, off the west coast of Sumatra, Indonesia and is a victim of the earthquake on 28th March 2005. He spent most of his formative years at YACAN Children's Home but for the past few years has been living independently, recently renting a property with a couple of other lads also from YACAN

Home. Merlinus is at university studying Business Management (and is due to finish in 2026). Unfortunately, costs have increased considerably, therefore, the four sponsors he already has are not enough. Merlinus is trying to find a part-time job but it is proving very difficult to find somewhere that will accept uni students and which fits around time required on campus.

Any monthly amount will really help Merlinus.

He is a hard worker, who has had difficulties in his life but is determined to do as well as possible and he very grateful for the support from England.
